SUMMARY

Application Development and Delivery student at RRC Polytech with a 4.50/4.50 GPA, seeking a Winter 2027 developer co-op. Builds full-stack and serverless applications with Node.js, TypeScript, React, and AWS, delivered through GitHub Actions CI/CD. Brings a technical foundation in mechanical engineering and electrical applications.

EDUCATION

Diploma, Application Development and Delivery

Jan 2025 to May 2027 (Expected)

RRC Polytech, Winnipeg, MB | GPA 4.50/4.50, A+ in every completed course

Relevant coursework: Back-End Development, Front-End Development, Cloud Infrastructure and Development, Secure Coding and Testing

In progress: Full Stack Development, Developing in a DevOps Environment, Data Analysis with Libraries

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, SQL

Frontend: React, Tailwind CSS, HTML, CSS, Flexbox, CSS Grid, ARIA Accessibility

Backend: Node.js, Express, REST APIs, JWT Authentication, OpenAPI/Swagger

Cloud and DevOps: AWS Lambda, API Gateway, DynamoDB, S3, GitHub Actions, CI/CD, Vercel

Data: Pandas, Jupyter, Firebase Firestore, Multi-Table Joins, Data Quality Checks

Practices and Tools: Agile Sprints, Unit Testing, Code Review, Git, Postman, VS Code, Microsoft Office

PROJECTS

Traffic Offence API, Team Project

Apr 2026

Node.js, Express, TypeScript, Firebase Firestore | RRC Polytech

- Owned the payments module end to end: GET, POST, PUT, DELETE routes with Joi validation.
- Implemented JWT middleware and role-based access control restricting endpoints by user role.
- Documented every endpoint in OpenAPI/Swagger, producing docs used across the team.

Serverless Inventory App

Apr 2026

AWS Lambda, API Gateway, DynamoDB, S3, GitHub Actions | RRC Polytech

- Built serverless CRUD with a composite key and global secondary index for location-based queries.
- Configured GitHub Actions CI/CD with linting on every push.

GameSlop Video Game Review App, Team Project

2026

React, TypeScript, Tailwind CSS | RRC Polytech

- Building the Games tab and add-game dialog in a sprint-based team project.

GracePlace Winnipeg Church Website

2026

HTML, CSS, JavaScript, GitHub Actions | Winnipeg, MB

- Built ride request, giving, and slideshow pages with field-level validation and inline errors.
- Generated runtime config from repository secrets, keeping API keys out of the repo.

PIXELL River Financial Account System

Dec 2025

Python, Unit Testing | RRC Polytech

- Handled deposits, withdrawals, and service charges using inheritance and polymorphism.
- Applied Observer and Strategy patterns, parsed CSV client records, and wrote unit tests. Earned A+.

Community Support Tracker

Dec 2025

JavaScript, HTML, CSS | RRC Polytech

- Built a responsive event tracker with validation, ARIA support, and local storage. Earned A+.

EXPERIENCE

Freelance Web Developer

2026

Self-Employed, Winnipeg, MB

- Designed, built, and delivered a lead-generating website for a local appliance repair business.
- Built a Python CLI with the Google Places API that qualified 126 businesses across 11 categories.

Office Administrator

Dec 2021 to Jul 2024

Immanuel Fellowship Church, Winnipeg, MB

- Prepared weekly and monthly financial reports on contributions, deposits, invoices, and payments.
- Maintained computerized filing systems for church records, programs, and events.

ADDITIONAL CREDENTIALS

Trades Certificate, Electrical Applications | MITT, Winnipeg, MB

Ordinary National Diploma, Mechanical Engineering | Yaba College of Technology, Lagos, Nigeria
